25X1A

MEMORANDUM FO[redacted]

1. Recommend the Director not accept.

2. No particular benefit to the Agency would result in my opinion from the Director's talking to the Washington Rotary Club. This group of business and professional men would get a big turn-out and some publicity because of the Director's addressing them. They are a group that wants to keep business within the District and could be considered as not too happy about CIA locating outside the District.

STANLEY J. GROGAN
Assistant to the Director
